4.1 Lifeline Assistance Program

(T) (D)(N)

Lifeline Assistance is a government assistance program developed to reduce rates for primary residential telephone service to qualifying subscribers who receive income-based benefits. The Company participates in this program to increase the availability of telecommunications services to all consumers in its service area.

General Description 4.1.1

- (A) The Lifeline Assistance reduces an eligible customer's monthly rates for local service. An eligible customer receives a federally subsidized credit toward the monthly cost of basic telephone service.
- The Link Up support has been eliminated due to the (B) result of the Lifeline/Link Up Order released by the Federal Communications Commission on February 6, 2012. This order eliminates the Link Up as of April 1, 2012
- Eligible customers may obtain Toll Blocking or Limited Toll (C) Blocking free of charge. Toll Blocking is a service that does not allow any toll calls (1+, or 0+). Limited Toll Blocking provides the customer with limited ability to make toll calls by dialing 0+, and using a calling card, credit card, or prepaid calling card. Billed number screening is applied to all lines equipped with Toll Blocking or Limited Toll Blocking. Billed number screening prevents most third party, and collect calls from being charged to the access line.
- (D) Eligible customers that elect to take Toll Blocking will not be required to pay a service deposit.
- (E) Service will not be disconnected for nonpayment of toll as long as the eligible customer continues to pay the local service charges. In addition, the Company will not deny re-establishment of local service to customers who are eligible for Lifeline Assistance and have previously been disconnected for non-payment of toll charges. Lifeline Assistance will not be connected if an outstanding balance is owed by the customer for local service.
